Vantage Series 8660 Awning Window

The Series 8660 Awning Window features top hinges and opens outward from the bottom. Typically wider than tall, this window design is perfect for enhancing natural light and ventilation in modern spaces. It showcases ultra-thin frames from the Vantage line while delivering exceptional thermal performance. It is available in widths ranging from 18.5” to 72” and heights from 18.5” to 120”. The window is tested for air, water, and structural performance and is certified by the NFRC and AAMA.

Energy Efficiency

- Low-E, argon-filled dual-paned glass
- .30 U-value

Hardware

- Concealed hinges
- Contemporary handles
- FlexScreen
- Standard sill
- High base sill
- Beveled stop

Options

Featuring modern, folding hardware, stainless steel fasteners and a hidden multi-point locking system for easy operation. The FlexScreen complements the window’s clean, contemporary style.

Finishes and Colors

Finishes are available in-stock or as designer selections, and they can be customized to match nearly any color. Bronze Anodized and Satin Anodized come standard with a Class 1 coating thickness for increased smoothness and durability. Our designer colors include a high-quality paint finish that conforms to a minimum rating of AAMA-2605, currently the highest rating for organic finishes.
