VX450 Stacking **Moving Glass Walls**

Bring indoor and outdoor living together with the VX450 Moving Glass Walls system. Expansive glass panels and narrow sightlines create wide-open views and fill the home with natural light, while durable vinyl construction, smooth operation, and energy-efficient performance deliver comfort and dependability for everyday living.

What you can expect

AMAZING VIEWS

Large glass panels and narrow sightlines maximize views and natural light, creating a seamless visual connection to the outdoors. With configurations reaching nearly 20 feet wide, the VX450 can transform an ordinary opening into an expansive part of the living space.

SUPERIOR ENERGY EFFICIENCY

Energy-efficient glass options help reduce heat transfer and support a more comfortable interior throughout the seasons. With select configurations achieving a U-factor as low as 0.24, the VX450 combines expansive glass with performance designed for the home.

DURABLE VINYL CONSTRUCTION

High-quality vinyl construction provides lasting performance with minimal maintenance. Resistant to moisture, warping, and corrosion, the VX450 is designed to stand up to the elements while maintaining its clean, contemporary appearance.

Engineered to perform

- Available in two-, three-, and four-panel configurations
- Integrated weep system has a 1.55-inch sill height.
- A floating track insert allows for easy operation.
- Panel screen option helps keep bugs and debris out of your home.
- Standard door handle is color matched with the frame.
- The VX450 comes with a Lifetime Limited Warranty.

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat MAX	0.28	0.20	-
Argon, SunCoat MAX, and 4th Surface LowE	0.24	0.20	N, NC, SC, S

All values are for 1" insulated glass.
